

TarryTubes™

TarryTubes provide a cost effective alternative to expensive tubular positioning aids. Featuring an ultra-soft polyfill inner core, TarryTubes can help your nursery meet its developmental care needs. Available individually or in boxes of 12.

- Cost-Effective
- Latex-free
- Single patient use
- Made in U.S.A.

(clockwise from top left) Large, X-small, medium, and small TarryTubes
